

Hearing and Vision Screenings

Yearly routine vision screenings are conducted by volunteers each fall on students in grades K, 1, 3 and 5. The School Nurse will perform the needed rescreens and send any necessary referrals for medical follow-up to parents/guardians.

Yearly routine hearing screenings are conducted by volunteers each fall on students in grades K and 1. The procedure is the same as above.

Vision and hearing screenings can occur at any time during the year at the request of parent/guardian or classroom teacher, at any grade level.

Contact the nurse or your child's classroom teacher or advisor to request a vision or hearing screening.
